

# Frigidaire®

Saves  
Time and  
Money

Self-Cleaning Pump Filter

LG, Kenmore, Whirlpool, Maytag, and GE front load washers all require frequent manual pump filter clean out by the consumer.

Frigidaire® offers the only front load washers in their class with self-cleaning pump filters.

- Maintenance free technology
- Seamless design reduces noise
- No mess or water spillage
- No pump filter service calls

CLEANING THE PUMP FILTER	THE PROBLEM	THE SOLUTION	HOW IT WORKS	THE BENEFIT
	<p>Most front load washers have pump filters that require regularly scheduled clean out of lint and foreign objects.</p>	<p>Frigidaire® front load washers have a self-cleaning pump filter, eliminating the need for filter maintenance.</p>	<p>The filter has been engineered to contain foreign objects in the tub hose, then empty them into the drain.</p>	<p>No water or mess on the floor, no crawling on hands and knees, no pump filter service calls.</p>
